OFFICER REPORTS

- **Executive VP, Nick Shuey:** This past week he traveled to Bellingham Northwest Regional Economic Conference, at this conference he attended some of the higher education speakers and they discussed the budget of the legislature this year and what it will look like this coming year for students in college.
- **VP Clubs and Organizations, Philip Rush:** He allocated the end of the club senate fund for campus activities. As of right now you can still submit requests for funds for summer activities. Naming the club of the year next Wednesday, and will be announcing that at our next public meeting. Also working at writing the new bylaws, and will be working on passing those this Wednesday, and finalize them at the club senate meeting following that.
- **VP Academic Affairs, Jenn Treadway:** She is working on getting more student representation for the gen ed appeals process, and revising the Gen. Ed. Appeal process, and finalizing the 4-year course schedules. SAS will also be helping to promote the ASCWU Concert. The next SAS meeting tomorrow and it is in Black Hall 201 at 7 pm.
- **VP Equity and Community Affairs, Spencer Biallas:** Rock against rape this Thursday in the SURC Ballroom, and Friday sat down with the president of the organizations in Equity and Community affairs service counsel. We talked about how last quarter went and what we would like to see improve. Working on the continuity binder.
- **VP Student Life and Facilities, Rob Lane:** worked with the publicity center for the concert, and publicity rolling out this week, and giving away tickets for the remainder of the time left for the concert.
- **VP Legislative Affairs, Cassie DuBore:** working on CLCE for college civics week, and working with our elections coordinator Chris. We are looking to use the partition board down stairs to help promote elections, and include information of all the candidates. Working with Nick to draft a resolution for the state legislature asking them to decouple tuition and SNA fees. The current House of Representatives and states legislature budgets are tied together, which is not good. More information at the next meeting.
- **President Yosef Gamble:** worked on promoting elections, and helped Chris set that up. Worked on passport day from 10-2pm today, and tabling downstairs as well as SURC 202 to help process and pay for students and community members to get a passport, and pay for it. I am working on the BOT report for the next BOT meeting. I am compiling a list of accomplishments that student government has done this year so that they can draft a resolution.
