VP Academic Affairs Ryan Zimmerman – we have our last SAS meeting and have By-Law revisions. We've added more representation, currently have 38 seats and are moving up to 58. Minors will be accepted that way more seats are filled and they can have a voice on the board.

We met with Dean Cutright and talked about the student library fee and what that is going to look like.

Met with chair of chemistry department to see if we can start a Chem 182 in the summer, students are concerned that there is too big of a time gap for the Chem sequence and I want to give the chair student feedback and see what we can do.

VP Student Life and Facilities: Forrest McNealley-absent

VP Legislative Affairs: JR Siperly-absent

VP Equity and community affairs Andrea Saavedra-absent

President Armando Ortiz: I also went to the meeting with Dean Cutright and talked about the library fee.

The elections debate was very interesting and shout out to eric and tyson for putting in work on the Elections Commission.

I am working on the contunituty binder.

6. COMMUNICATIONS

Elections update Eric Bennet: the elections happeded and it was successfull.

10. **NEW BUSINESS:** library fee **Alex Horning:** this year Dean Cutright approached us about a library fee, she said a lot of the furniture was from the 70's and that some things need updating like the databases and textbooks. The fee was for about \$5. They have a library committee and they want to add determinations of money for those on the committee. Students are welcome to join the committee. We are going to be creating a memorandum and the committee will decide what that purpose is. If you have any input send it to us and we can forward this onto the committee. It's good for professional development to join a committee. **Ryan Zimmerman:** committees have students and faculty, it's about \$330,000 a year of student money. **Armando Ortiz:** if you have any suggestions please come see us in SURC 236.
