

Statewide Special Purchase: WYNN (January 1, 2007 through June 30, 2007)

The Freedom Scientific organization, in cooperation with the Special Education Technology Center, is offering the WYNN program at a special discount to all schools in Washington State. This special pricing is also open to families.

Statewide Pricing

WYNN Wizard 5.1: \$699 (single copy)
WYNN Reader 5.1: \$265 (single copy)

Network pricing is \$765 for WYNN Wizard / \$299 for WYNN Reader.

Schools that already own multiple copies of WYNN may qualify for lower pricing. You may check with Freedom Scientific (800.444.4443 x.1032) prior to placing an order.

St. Petersburg, FL 33716**

**For credit card orders call Freedom Scientific Sales at 800.444.4443 x.1032.
Fax orders to 727.803.8001**

Product Description

WYNN Wizard is a software based literacy support tool and study aid. It provides superior OCR (Optical Character Recognition) for scanning printed materials and reading of the text through the program's speech synthesis. The speech output is very clear and can be customized along with the visual presentation of the text to match the listening/reading needs of the user. Other features include a talking dictionary and thesaurus, bookmarking and highlighting capability, spoken access on the internet and text or voice annotation).

WYNN Reader is identical to WYNN Wizard except that it does not have scanning capability. Both WYNN Wizard and WYNN Reader feature the new RealSpeak T Solo voices that produce nearly human quality speech output.

System Requirements

Pentium PC (400 Mhz or faster) with Windows 2000 or XP
128 MB RAM (256 MB required if using RealSpeak T Solo voices)
400 MB free hard drive space (1 GB required if installing RealSpeak T Solo voices)
