1.1 General

- A. Reference applicable industry standards.
- B. When considering exposed masonry finishes in the design, consideration must be given to graffiti and vandalism.
- C. All exposed exterior masonry surfaces shall avoid reveals and ledges that may encourage pigeons loitering.
- D. All mortar joints shall be tooled. No raked joints will be allowed.
- E. Mix designs for mortar and testing is required.
- F. All exposed masonry shall be sealed with a 20 year breathable sealant system.
