DESIGN GUIDE

Contents – Division 060000:

061000	Rough Carpentry
062000	Finish Carpentry

061000 Rough Carpentry

1 General

1.1 General

- A. Reference applicable industry standards.
- B. All rough carpentry shall be set to required levels and lines, with members plumb, true to line, cut and fitted. Scribe and cope as needed for accurate fit.
- C. All items to be attached to other construction shall have the necessary nailers, blocking and/or similar supports. Provide detailed information in the design documents as to these requirements.

062000 Finish Carpentry

1 General

1.1 General

- A. Reference AWI's "Architectural Woodwork Quality Standards" for grades of interior architectural woodwork.

- B. Interior woodwork grade shall be the highest possible grade as indicated in the referenced quality standard. This shall include materials and shop/field workmanship.
