Re: More Information Needed

Dear Delano Palmer:

Thank you for contacting the Department of Archaeology and Historic Preservation (DAHP) regarding the above referenced proposal. This action has been reviewed on behalf of the State Historic Preservation Office (SHPO) under provisions of Governor's Executive Order 21-02. Our review is based upon documentation provided in your submittal.

In order to complete our review, we request an intensive level survey of the CWU Student Medical and Counseling Center and updated Historic Property Inventory completed by a Secretary of the Interior's Professional Qualification Standards for Architectural History. The property was last surveyed in 2014, when the building did not meet the minimum age requirements for eligibility to the National Register of Historic Places. So, an updated determination of eligibility is necessary before a determination of the project's effect can be made.

Also, we appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult for this project. These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer in conformance with Executive Order 21-02.

Thank you for the opportunity to review and comment. If you have any questions, please feel free to contact me.

Sincerely,

Maddie Levesque, M.A
