Please provide an overview of the student centered programming provided, i.e. type of programs, milestones, number of students impacted, and how they benefited.

The CWU Wildcat Marching Band is part of a rich tradition of musical excellence at Central Washington University, having performed at CWU football games during the past 66 years. The 180 member ensemble performs at all home football games, and for various student rallies during the football season.

The presence of the Marching Band is integral to the football program, helping to create an atmosphere that

makes competitive, intercollegiate sports an attractive, enjoyable event to attend. Approximately twenty-five thousand people will hear the CWU Marching Band during a typical football season.

The majority of the 180 member marching band consists of music education majors who learn the necessary skills to teach marching band through participating in the ensemble. The Marching Band serves as a public-relations component of the University, an extra-curricular ensemble for athletics, and an excellent educational laboratory for our music education majors.

Please provide a detailed explanation of any fund transfers from one service and activities fund budget to another.

The revenue listed under Other Funds Received reflects the students paying for their own marching band shoes. The music department orders and incurs the expense of the shoes, then is reimbursed. Each student's account has a charge posted to it, with the payment going into the Marching Band PID.
