Chair Report - Becky reported at on the Faculty Senate meeting that the student petition policy and procedure passed. GEITF did a sense of the Senate vote on allowing students to switch programs. The Senate did indicate they would favor allowing students to switch.

Cody reported that the student petition language has moved forward to Provost Council as an information item, so it is not scheduled to be voted on. This will probably come back to the committee. The Provost does not like that she is not part of the appeal process.

No student petitions.

2018-19 meeting schedule – The committee approved the meeting schedule for next year.

Accepting Proposals for next year - Will the Committee accept proposals for next year? Discussion was to not accept proposals. There are some proposals coming in for culminating experience.

What needs to happen to the policy? Wait until next fall maybe for the October 31st Senate meeting. This would also need to go through Provost Council and UPAC. The first UPAC will be mid-October and the next will be in February. Morgan suggested looking at the policy/procedure and then hand off to GEITF for the summer.

Deadline for curriculum proposals due by September 28th resubmission and new especially CE courses and start reviewing on October 1st. It was suggested to provide an example of a good proposal.

Priorities for next year:

- Policies/Procedures
- Curriculum form is okay. Was suggested to put together a short memo that highlights some of the areas individuals need to pay attention.
- Review new course proposals for CE
- Review proposals for re-submissions
- Discussion of role of W courses
- Establishment of pathways coordinators and process
- Implementation coordination and communication w/ GEITF

Committee chair 2018-2019 - Jeff nominated Becky for committee chair. Committee approved the nomination and elected Becky as committee chair for next year.

Meeting was adjourned at 5:05 p.m.
