Chair update – Becky met with Amy Claridge today to talk about what will need to happen for winter and spring quarters. Becky will be putting together a timeline and will share with the committee. The committee will need to work on developing the application and call out for pathway coordinators as well as developing the application and process for submitting structural proposals. Both of these will need to go out late winter or early spring.

Review and approval. Still waiting to hear from some of the proposers.

No student petitions.
