184 policy – Policy around the 184 course may need additional discussion next year. The Curriculum Committee has moved forward with language that will go to the Faculty Senate on June 3.

Assessment update – The subgroup working on this is not quite ready to share the information. They will have something for the group to review at the June 8th meeting.

Chair update – Becky reported on the GECM meeting last week. Josh Buchanan is willing to work on the GE website and Carey Gazis be doing an analysis on the GE courses offered this past year.

GE form updates – The committee reviewed the changes to the GE forms. Becky will work with Mike Gimlin on some of the sentence structure. Mike Gimlin suggested that the committee discuss at some point how long the subtopics are good for. Should they go away after a certain amount of time if they are not taught?

Some of the changes to the 184 sub-topic form are:

Adding a selection for removing a subtopic

Add a selection for Changing a topic title

Add a selection for Changing the description

The GE proposal form needs to have the deadline information updated with the dates for next year.

Student petitions – The committee moved into breakout rooms to review the petitions that were presented.
