22-23 Curriculum forms – Mike G indicated that the Course Change form has an additional field in the for General Education courses if they are changing their learner outcomes to make sure they are realigned with General Education outcomes. Most of the rest of the forms are just cleaning up of language and format. Graduate approval steps are left as they were last year. Jeff will collaborate with Graduate Council this summer or next fall to try and make sure what needs to be done for this. Sayantani indicated that the word “professional” in type of course section is misspelled.

The committee approved the Curriculog forms.

Unfinished Business – Jeff will work on these issues for next year.

Jeff will send out the year-end committee report to the committee members. Learner outcome example is something that needs to be done next year. Hongtao reported that there were not any volunteers from FSCC or GCCC. Joy and Hongtao are working on a draft. Joy will be taking it over next year. This will be priority in the fall.
