Agenda – No changes

Chairs report – The committee is continuing to review proposals. Teri has been working with proposers on questions. Maura and Teri met with Dan Martin and Kurt Kirstein in CEPS about assessment.

POSC 489 – Current outcomes adequately align with the General Education outcomes. The committee then reviewed the proposed new learner outcomes. Course seems to meet the intent of culminating experience outcomes. The committee will review the revised outcomes once they are approved by the Curriculum Committee. Michael B move that POSC 489 be approved as a CE course using the original course learner outcomes and if those course outcomes are changed, the GEC would like to have a chance to review those revised learner outcomes prior to this course being finalized (by Faculty Senate) in the General Education program. Maura seconded and motion was approved.

MSL 101/102/103 – Andrew Vanderhoff is the curriculum individual in the department. Need to better map the course outcomes to General Education.

AIS 184 – Moving from COTS prefix to the AIS prefix. They did not include a syllabus. Teri will request a syllabus.

HTE 184 – Changing description. A.I. moved to approve HTE 184 description change. John N seconded and motion was approved.

LLAS 302 – Proposed for K2 – No alignment for General Education learner outcome #2.

STP 406 – Proposed for CE.
