Jeff is out ill, and Ben will be filling in as chair.

Agenda was approved.

March 2, 2023, minutes were approved as presented.

Chair report – Ben indicated the committee needs a chair-elect for next year. Please think about serving in this role.

March 2 Approval log

ASL 401 American Sign Language Literature not ready for approval. Mike G indicated there were comments on some of these proposals that didn't get brought up by the committee. Several of them were late and did not meet the deadlines. Is the committee okay with that?

English Professional and Creative Writing, BA program change was submitted February 14 which is over a month late. Should the committee let this go through since it has gone out on the review log? There was a concern that it could be a precedent. It was suggested that the committee let the originator know that this was late, but it was allowed to go through this year. The proposal will be allowed to move forward to be approved.

Cosette moved to approve the March 2, 2023 approval log. Clem seconded and motion was approved. Review Log

Course Change

#3 MUS 567 University Chorale – The proposal indicates the 200-level course is being layered and this is not allowed via policy. They are layering 400/500 levels but mention 200 level so it can indicate that all three sections meet at the same time to cover potential FERPA issues.

#7 MUS 592 Collaborative Piano Practicum – Similar issue to MUS 567.

#4 MUS 568 Concert Band – No learner outcome assessments.

#9 SOC 359 U.S. Feminist Movements – Using outdated student learner outcome language.

Lizzie moved to send out course changes for campus review. Paul seconded and motion was approved.

Program Change

Tim moved to send program changes out for campus review. Cosette seconded and motion was approved.

New programs

#11 STEM Education Foundations Minor - Program level outcomes has language that needs to be removed at the beginning. Do these get cleaned up before they go into catalog? Mike G indicated they normally will get cleaned up before going into catalog. The primary audience are students in STEM majors who decide they don't want to complete the student teaching.

Paul moved to send out the new programs for campus review. Sayantani seconded and motion was approved.

Policy and procedure will be postponed until the next meeting.

There will be an email vote on March 30th. Next regular meeting will be April 6th.

Meeting was adjourned at 4:01 p.m.

Addendum

March 30, 2023 electronic vote.
