## Parent Refusal to Provide Information 2023-2024

Financial Aid regulations state that the family has primary responsibility for meeting the educational costs of the student. Dependent students are required to provide parental information and **written signature**(s) to be considered for federal financial aid. When parents refuse to provide their information on the FAFSA, there is an exception that allows the student to apply for an Unsubsidized Loan ONLY, at the discretion of a Financial Aid Administrator.
