**Locally Researched by: Melissa Crowe, Puget Sound Business Journal**

This List ranks companies that are headquartered in Washington state and are at least 51 percent women-owned. Information was obtained from firm representatives, company websites and Hoovers, a third-party business database. Information on The List was supplied by individual companies through questionnaires and could not be independently verified by the Puget Sound Business Journal. Fishermen's Finest, which ranked in the top five last year, did not respond to our inquiries by deadline. Only those that responded to our inquiries or had reliable information available elsewhere were listed. In case of ties, companies are listed alphabetically.

This List was researched and compiled by Research Director Melissa Crowe.
