The 10 Most Critical Things to Keep in Mind When Responding to an RFP for Central Washington University

1. _______ Read the entire document. Note critical items such as: mandatory requirements; supplies/services required; submittal dates; number of copies required for submittal; contract requirements (i.e., contract performance, insurance requirements, performance and/or reporting requirements, etc.).

2. _______ Note the procedures for communication with the University during the RFP process. All communication during the RFP process must be in writing. Offerors should not contact University personnel outside of the opportunity provided in the document.

3. _______ Attend the pre-proposal conference if one is offered. These conferences provide an opportunity to ask clarifying questions, obtain a better understanding of the project, or to notify the University of any ambiguities, inconsistencies, or errors in the RFP.

4. _______ Take advantage of the “question and answer” period. Submit your questions to the Buyer by the due date listed in the “Applicable Dates” sections and view the answers given in the formal “addenda” issued for the RFP. All addenda issued for an RFP are posted on the University’s website and will include all questions asked and answered concerning the RFP.

5. _______ Follow the format required in the RFP when preparing your response. Provide point-by-point responses to all sections in a clear and concise manner.

6. _______ Provide complete answers/descriptions. Read and answer all questions and requirements. Don’t assume the University or evaluation committee will know what your company capabilities are or what items/services you can provide, even if you have previously contracted with the University. The proposals are evaluated based solely on the information and materials provided in your response.

7. _______ Use the forms provided, e.g., bidders submittal page, reference forms, attachment forms, etc.

8. _______ Before submitting your response, check the University’s website at: http://www.cwu.edu/contracts/current-bid-opportunities to see whether any addenda were issued for the RFP.

9. _______ Review and read the RFP document again to make sure that you have addressed all requirements. Your original response and the requested copies must be identical and be complete. The copies are provided to the evaluation committee members and will be used to score your response.

10. _______ Submit your response on time. Note all the dates and times listed in the Applicable dates section and be sure to submit all required items on time. Late proposal responses are never accepted.

This checklist is provided for assistance only and should not be submitted with Offeror’s Response.

SECTION #2: GENERAL INFORMATION

2.1 Purpose of Proposal: Central Washington University (CWU, the University) is requesting proposals to assist in implementing an enterprise managed digital signage infrastructure. The goal is to provide a single system that will allow for centralized management and control of the system while providing end users with the ability to add content for displays in their “domain”.

2.2 Background: Central Washington University is a publicly assisted university located in Ellensburg, Washington, 100 miles east of Seattle. It is one of 6 four-year higher educational institutions in Washington State. The University serves central Washington with the main campus located in Ellensburg. About 10,900 students are enrolled at CWU, 7200 of whom attend Ellensburg. Ninety-two percent of CWU students are Washington residents; half of CWU students transferred from another institution and nearly 30 percent are people of color. About 70 percent of CWU students are from western Washington, with concentrations in King, Pierce and Snohomish counties.

CWU offers bachelor and master degrees and the educational specialist degree. Some signature areas of study at CWU include music, education, accounting and supply chain management, geology, aviation, paramedics, athletics and field archeology. CWU has one of the largest colleges of education in the country, supplying about 20 percent of all educators in Washington state classrooms. CWU has the premier music program on the West Coast. Faculty, students, and ensembles are nationally recognized across the department, which is one of the largest on campus. About 40 percent of all music educators in Washington State are CWU alumni.

Central Washington University is supported by the Central Washington University Foundation, a separate 501c3 non-profit organization. Vendors wishing to inquire about philanthropic opportunities may contact the CWU Foundation at 509-963-2160 or visit their website at: www.cwu.edu/foundation. The successful bidder will be invited to work with CWU’s senior management to assist in identifying potential charitable funding sources for programs and activities relating to the Project, such as named gift opportunities, student internships, scholarships, and equipment donations.

2.3 Term of Contract: The University will entertain a four-year contract, with the option to renew for three additional two year periods at the agreement of both parties. Individual statements of work will be negotiated for each project with the successful vendor(s).

2.4 University Parking: Visitors to campus should stop at the CWU Welcome Center for directions and parking passes and other information. The Welcome Center is located in Munson Hall, on the corner of Walnut Street and East University Way. The University is not responsible for parking infractions/violations incurred by visitors.

2.5 Confidentiality: All information specifically requested in this RFP is subject to Public Disclosure and available after contract execution. Providers may request that specific additional portions of their submittals be considered exempted from disclosure pursuant to RCW 42.56.210; however, the University makes no assurances that such materials will be held in confidence after contract execution if they are not deemed qualified for exemption by the University. Any submittals that are a determining factor in award of a contract will be subject to disclosure.
2.6 Other Institutions Eligible for Purchase: This solicitation is being issued by Central Washington University (The Lead Institution) pursuant to the Interlocal Cooperative Act, RCW 39.34. This solicitation offers the bidder an opportunity to make any resulting contract available to members of the Washington Institutions of Public Higher Education (WIPHE). Appendix B contains information about the WIPHE cooperative membership and the terms and conditions of such arrangements.

There are no WIPHE members committed to participate in this bid, but potential participants are identified in Appendix B.

**Optional Vendor Debriefing:**

Vendors who have submitted a proposal in accordance with this RFP may request an optional debriefing conference to discuss the evaluation of their response. The request must be made in writing within five business days from receipt of the “Notice of Intent to Award”. Requests are to be made to the University contact person as identified on the ‘Response Submittal Sheet’, page 1 of this RFP document. Vendors must be available to attend the debriefing conference held in Ellensburg, Washington within 5 days of the request.

The debriefing will not include any comparisons between the vendors’ response and any other responses submitted; However, the University will attempt to address all questions and concerns in this debriefing.

**Protest Procedure:**

Protests may be made after the agency conducting the acquisition has announced the apparently successful vendor and after the protesting vendor has had a debriefing conference with that agency. Protests may be made on only these grounds:

- Arithmetic errors were made in computing the score.
The agency failed to follow procedures established in the solicitation document, the IT Investment Policy, the IT Investment Standards, or applicable State or Federal laws or regulations.

There was bias, discrimination, or conflict of interest on the part of an evaluator.

Protests are always made to the agency conducting the acquisition. A person authorized to bind the vendor to a contractual relationship must sign the protest letter. The agency must receive the written protest within five (5) business days after the debriefing conference.

Individuals not involved in the protested acquisition will objectively review the written protest material submitted by the vendor and all other relevant facts known to the agency. The agency must deliver its written decision to the protesting vendor within five business days after receiving the protest, unless more time is needed. The protesting vendor will be notified if additional time is necessary.

If the protesting vendor is not satisfied with the agency’s decision, it may appeal. Written notice of appeal to the agency must be received by within five (5) business days after the vendor receives notification of the agency's decision.

In conducting its review, the agency will consider all available relevant facts. The Agency will resolve the appeal in one of the following ways:

- Find that the protest lacks merit and uphold the agency's action.
- Find only technical or harmless errors in the agency's acquisition process, determining the agency to be in substantial compliance, and rejecting the protest; or
- Find merit in the protest and provide options to the agency, including:
  - Correcting errors and reevaluating all proposals;
  - Reissuing the solicitation document; or
  - Making other findings and determining other courses of action as appropriate.

The agency will issue a written decision within five (5) business days after receipt of the notice of appeal, unless more time is needed. The protesting vendor will be notified if additional time is necessary. The agency’s determination is final; no further administrative appeal is available.

**Form and Content:** A written protest must contain the facts and arguments upon which the protest is based and must be signed by a person authorized to bind the vendor to a contractual relationship. At a minimum, this must include:

- The name of the protesting vendor, its mailing address and phone number, and the name of the individual responsible for submission of the protest.
- Information about the acquisition and the acquisition method and name of the issuing agency.
- Specific and complete statement of the agency action(s) protested.
- Specific reference to the grounds for the protest.
- Description of the relief or corrective action requested.
- A copy of the issuing agency's written decision on the protest.

Purpose:

Central Washington University is seeking a qualified firm with previous experience in development and implementation of a Digital Signage solution. The purpose of the project is to implement digital signs in various campus buildings in select high-traffic areas that will alert students to important deadlines, emergency announcements, university marketing messages, events and other items of interest. Solution proposed should be robust, flexible and scalable.

Requested Features of Digital Signage Solution:

The University’s primary needs are in Marketing/Promotion, Facilities Management and Emergency Alerts/University Announcements.
