WHERE ARE YOU GOING TO LIVE NEXT YEAR?
Dear Central Washington University Family,

Current CWU students will be choosing their residence hall rooms for next year in February, 2013. Here are some of the benefits of living on campus:

• Students develop lifelong friends.
• Students outperform their peers who live off campus.
• Residence hall students have more leadership opportunities.
• There are several different living options, including our newest residence hall for upper-class students—Wendell Hill Hall.
• There are several dining plan options.
• Residence hall and dining plans are extremely competitive.

Your student will receive this information in January.
