

# PRESIDENT'S LEADERS

## BECOME A LEADER

“IT'S NOT THE ABSENCE OF LEADERSHIP POTENTIAL THAT INHIBITS THE DEVELOPMENT OF MORE LEADERS; IT'S THE PERSISTENCE OF THE MYTH THAT LEADERSHIP CAN'T BE LEARNED.”

—James M. Kouzes and Barry Z. Posner  
*The Leadership Challenge*

Ever wonder why some clubs and organizations achieve their goals while can't seem to get anything started? The difference is leadership. The CWU President's Leaders Program was created with the idea that it requires training and guidance to become a good leader.

If you're interested in learning things such as how to motivate others, set goals, and work as a member of a team—then the President's Leaders Program is for you.

Participants earn academic credit by attending weekly lectures by professors from the College of Business and help their community by becoming involved in service projects under the guidance of the Center for Leadership and Community Engagement.

To join, simply sign up for the course, LEAD 101, and get started on the path to becoming a good leader.
