Dear Dr. Gaudino,

At its July 2018 Annual Meeting, the Accreditation Committee for the American Council for Construction Education (ACCE) reviewed the Third Year Progress Report for the Construction Management Program at Central Washington University.

The report as submitted was accepted by the Council. Actions taken by the institution on correction or elimination of Weaknesses and Concerns cited in the 2015 Visiting Team Report were approved.

From the information in the Progress Report, the Council summarized the following comments:

The Council appreciates a responsive report and looks forward to the Program's next Self-Evaluation Study and site visit in the Spring of 2021.

If you have any questions, please contact Mike Holland, President for ACCE. We look forward to continued cooperation in the accreditation process between ACCE and Central Washington University.

Best regards,
American Council for Construction Education
