

CWU Student Learning Outcome Assessment Plan Preparation Form

Department LLSE

Program Special Education

Student Learning Outcomes (performance, knowledge, attitudes)	Related Program/ Departmental Goals	Related College Goals	Related University Goals	Method(s) of Assessment (What is the assessment?)*	Who Assessed (Students from what courses – population)**	When Assessed (term, dates) ***	Standard of Mastery/ Criterion of Achievement (How good does performance have to be?)
<p>1. Students will identify special education as a changing discipline based on philosophies, evidence-based principles and theories, relevant laws and policies, diverse and historical points of view, and human issues that have historically influenced and continue to influence the field of special education and the education and treatment of individuals with exceptional needs both in school and society.</p>	<p>. Foundations. Special educators understand the field as an evolving and changing discipline based on philosophies, evidence-based principles and theories, relevant laws and policies, diverse and historical points of view, and human issues that have historically influenced and continue to influence the field of special education and the education and treatment of individuals with exceptional needs both in school and society.. Special educators understand how these influence professional practice.</p>	<p>CTL 1.2 STANDA RD: Candidate s demonstr ate reflective teaching skills</p> <p>CTL 1.4 STANDA RD: Candidate s demonstr ate an understan ding of teaching as a professio n</p>	<p>The faculty will maintain a curriculum requiring a rigorous foundation in the liberal arts along with specialized academic and professional competencies . High quality programs will be created and maintained throughout the entire university community to nurture the intellectual, physical, social, and ethical development of each student</p>	<p>Rough Draft Portfolio Artifacts</p> <p>Philosophy of Education</p> <p>Communication skills Action Plan</p> <p>Community services presentation</p> <p>Research on Practicum population</p>	<p>Each Course requires at least one assignment (artifact) that addresses the overall competency for the course</p> <p>Practicum students are required to submit artifacts that reflect competencies based on the population in the practicum classroom</p>	<p>At the end of each quarter/course</p> <p>EDSE 460</p> <p>EDSE 460</p> <p>EDSE 460</p> <p>During the student’s practicum quarter</p>	<p>All assignments need to reach competency assessed by faculty in the special education program according to program rubrics for each course.</p> <p>Exit interview and practicum portfolio (Met competency)</p>

	<p>including assessment, instructional planning, implementation, and program evaluation. Special educators understand how issues of human diversity can impact families, cultures, and schools, and how these complex human issues can interact with issues in the delivery of special education services. They understand the relationships of organizations of special education to the organizations and functions of schools, school systems, and other agencies</p>						
<p>2. Students will demonstrate respect for their students first as unique human beings by identifying similarities and differences in human development and the characteristics between and among individuals with and without exceptional learning needs.</p>	<p>Special educators know and demonstrate respect for their students first as unique human beings. Special educators understand the similarities and differences in human development and the characteristics between and among individuals with and without</p>	<p>CTL 1.3 STANDARDS: Candidates demonstrate a thorough understanding of meeting the needs of diverse learners</p>	<p>The faculty will maintain a curriculum requiring a rigorous foundation in the liberal arts along with specialized academic and professional competencies. 	<p>exceptional learning needs. Moreover, special educators understand how exceptional conditions can interact with the domains of human development and they use this knowledge to respond to the varying abilities and behaviors of individuals with exceptional learning needs.</p>		<p>created and maintained throughout the entire university community to nurture the intellectual, physical, social, and ethical development of each student</p>	<p>In practicum, case study of student with disabilities including eligibility history, assessment results, present levels of performance</p>	<p>competencies based on the population in the practicum classroom</p>	<p>student's practicum quarter</p>	<p>Exit interview and practicum portfolio (Met competency)</p>
<p>3. Students will select and compile a repertoire of evidence-based instructional strategies to individualize instruction for individuals with exceptional learning needs to promote positive learning results in general and special curricula and to appropriately modify learning environments for individuals with exceptional learning needs.</p>	<p>Special educators possess a repertoire of evidence-based instructional strategies to individualize instruction for individuals with exceptional learning needs. Special educators select, adapt, and use these instructional strategies to promote positive learning results in general and special curricula and to appropriately modify learning environments for individuals with exceptional learning needs.</p>	<p>CTL 1.2 STANDARDS: Candidate demonstrates reflective teaching skills</p> <p>CTL 1.4 STANDARDS: Candidate demonstrates an understanding of teaching</p>	<p>All personnel, as participants in a community of scholars, are expected to contribute to a dynamic student learning environment through pursuit of scholarship, including research, performance, and collaboration with colleagues</p>	<p>Rough Draft Portfolio Artifacts</p> <p>Case study for instructional strategies in literacy and math</p> <p>Instructional plan with accommodations and modifications</p> <p>Behavior Change Project</p> <p>In practicum: effective teaching strategies; instructional plan with accommodations and</p>	<p>Each Course requires at least one assignment (artifact) that addresses the overall competency for the course</p> <p>EDSE 410, 422, 423</p> <p>Practicum students are required to submit artifacts that reflect competencies based on the population in</p>	<p>EDSE 423</p> <p>EDSE 422</p> <p>EDSE 410</p> <p>During the practicum quarter</p>	<p>All assignments need to reach competency assessed by faculty in the special education program according to program rubrics for each course.</p> <p>Exit interview and practicum portfolio (Met competency)</p>

	<p>They enhance the learning of critical thinking, problem solving, and performance skills of individuals with exceptional learning needs, and increase their self-awareness, self-management, self-control, self-reliance, and self-esteem. Moreover, special educators emphasize the development, maintenance, and generalization of knowledge and skills across environments, settings, and the lifespan.</p>	<p>as a profession</p> <p>CTL 1.3 STANDARD: Candidates demonstrate a thorough understanding of meeting the needs of diverse learners</p>		<p>modifications; and a behavior change plan based on practicum population</p>	<p>the practicum classroom</p>		
<p>4. Students will identify and use multiple types of assessment information for a variety of educational decisions: to help identify exceptional learning needs and to develop and implement individualized instructional programs, as well as to adjust instruction in response to ongoing learning progress</p>	<p>Assessment is integral to the decision-making and teaching of special educators and special educators use multiple types of assessment information for a variety of educational decisions. Special educators use the results of assessments to help identify exceptional learning needs and to develop and</p>	<p>CTL 1.2 STANDARD: Candidates demonstrate reflective teaching skills</p> <p>CTL 1.4 STANDARD: Candidates demonstrate</p>	<p>#9 Assessment The University will assess, analyze, and evaluate the performance of its curriculum, students, faculty, staff, and administration, and will use that information to create an effective</p>	<p>Rough Draft Portfolio Artifacts</p> <p>Assessment write-ups for the different types of assessment: Formal, informal, select response, essay and performance</p>	<p>Each Course requires at least one assignment (artifact) that addresses the overall competency for the course</p> <p>EDSE 411</p> <p>EDSE 423</p>	<p>At the end of each quarter course.</p> <p>EDSE 411</p> <p>EDSE 422, 423, 433</p>	<p>All assignments need to reach competency assessed by faculty in the special education program according to program rubrics for each course.</p>

	<p>implement individualized instructional programs, as well as to adjust instruction in response to ongoing learning progress. Special educators understand the legal policies and ethical principles of measurement and assessment related to referral, eligibility, program planning, instruction, and placement for individuals with ELN, including those from culturally and linguistically diverse backgrounds. Special educators understand measurement theory and practices for addressing issues of validity, reliability, norms, bias, and interpretation of assessment results. In addition, special educators understand the appropriate use and limitations of various types of assessments. Special educators</p>	<p>ate an understanding of teaching as a profession</p> <p>CTL 1.3 STANDARD: Candidates demonstrate a thorough understanding of meeting the needs of diverse learners</p>	<p>student-centered learning environment</p>	<p>Case study for literacy and mathematics</p> <p>In practicum, students are required to design an assessment plan related to a student's IEP, an instructional plan, or behavior plan. Additionally, assessment is required for each individual lesson plan</p>	<p>Practicum students are required to submit artifacts that reflect competencies based on the population in the practicum classroom</p>	<p>EDSE 495</p>	<p>Exit interview and practicum portfolio (Met competency)</p>

	<p>collaborate with families and other colleagues to assure non-biased, meaningful assessments and decision-making. Special educators conduct formal and informal assessments of behavior, learning, achievement, and environments to design learning experiences that support the growth and development of individuals with exceptional learning needs. Special educators use assessment information to identify supports and adaptations required for individuals with exceptional learning needs to access the general curriculum and to participate in school, system, and statewide assessment programs. Special educators regularly monitor the progress of individuals with exceptional learning needs in general and</p>

	special curricula. Special educators use appropriate technologies to support their assessments.						
5. Students will collaborate with families, other educators, related service providers, and personnel from community agencies in culturally responsive ways.	Special educators routinely and effectively collaborate with families, other educators, related service providers, and personnel from community agencies in culturally responsive ways. This collaboration assures that the needs of individuals with exceptional learning needs are addressed throughout schooling. Moreover, special educators embrace their special role as advocate for individuals with exceptional learning needs. Special educators promote and advocate the learning and well being of individuals with exceptional learning needs across a wide range of settings and a range	<p>CTL 1.2 STANDARDS: Candidates demonstrate reflective teaching skills</p> <p>CTL 1.4 STANDARDS: Candidates demonstrate an understanding of teaching as a profession</p> <p>CTL 1.3 STANDARDS: Candidates demonstrate a thorough</p>	#6 Diversity, Multicultural and International Opportunities The University will promote diversity and encourage multicultural and international opportunities . 	<p>of different learning experiences. Special educators are viewed as specialists by a myriad of people who actively seek their collaboration to effectively include and teach individuals with exceptional learning needs. Special educators are a resource to their colleagues in understanding the laws and policies relevant to Individuals with exceptional learning needs. Special educators use collaboration to facilitate the successful transitions of individuals with exceptional learning needs across settings and services.</p>	<p>understanding of meeting the needs of diverse learners</p>			classroom		
<p>6. Students will identify typical and atypical language development and use individualized strategies to enhance language development and teach communication skills to individuals with exceptional needs. Students will identify augmentative, alternative, and assistive</p>	<p>Special educators understand typical and atypical language development and the ways in which exceptional conditions can interact with an individual's experience with and use of language. Special</p>	<p>CTL 1.2 STANDARDS: Candidates demonstrate reflective teaching skills</p>	<p>#6 Diversity, Multicultural and International Opportunities The University will promote diversity and encourage multicultural and international</p>	<p>Rough Draft Portfolio Artifacts</p> <p>Language samples</p> <p>Lesson plans for language</p>	<p>Each Course requires at least one assignment (artifact) that addresses the overall competency for the course</p> <p>EDSE 426, 433</p>	<p>EDSE 426</p>	<p>All assignments need to reach competency assessed by faculty in the special education program according to program rubrics for each course.</p>

<p>technologies to support and enhance communication of individuals with exceptional needs.</p>	<p>educators use individualized strategies to enhance language development and teach communication skills to individuals with exceptional needs. Special educators are familiar with augmentative, alternative, and assistive technologies to support and enhance communication of individuals with exceptional needs. Special educators match their communication methods to an individual's language proficiency and cultural and linguistic differences. Special educators provide effective language models and they use communication strategies and resources to facilitate understanding of subject matter for individuals with exceptional learning needs whose primary language</p>	<p>CTL 1.4 STANDARD: Candidates demonstrate an understanding of teaching as a profession</p> <p>CTL 1.3 STANDARD: Candidates demonstrate a thorough understanding of meeting the needs of diverse learners</p>	<p>opportunities . 	is not English.						
--	------------------------	--	--	--	--	--	--

*Method(s) of assessment should include those that are both direct (tests, essays, presentations, projects) and indirect (surveys, interviews) in nature

**Data needs to be collected and differentiated by location (Ellensburg campus vs University Centers – see NWCCU standard 2.B.2)

***Timing of assessment should be identified at different transition points of program (i.e., admission, mid-point, end-of-program, post-program)
