

Bachelor of Arts Law and Justice

CWU-Pierce County *A University in Your Community*

Program Overview

The Bachelor of Arts major in Law and Justice (LAJ) is designed to prepare students for professional employment in the criminal justice system and/or entry into graduate or law school. It retains the humanistic emphasis of the liberal arts while assisting students to prepare for graduate school, careers in law enforcement, corrections, paralegal professions and the practice of law following law school.

CWU offers the Bachelor of Arts Degree in Law and Justice at CWU-Pierce County. This University Center program is designed for students who have completed a Direct Transfer Degree (usually A.A. or A.S. Degree) from a Washington state community college or its equivalent. Typically, students at the Center have completed 90 credits prior to entering the program in preparation for the 300- and 400- level courses offered.

Admissions

The standards for admission to the LAJ major are based on overall grade point average (GPA) of 2.25. The LAJ Department reserves the right to modify these requirements in special cases or as the needs of the department change.

Application for Admission to Central Washington University is available on our website at www.applyweb.com/aw?cwu. Arrange to have official transcripts either electronically sent or mailed to Ellensburg.

Requirements

Students seeking a Bachelor of Arts Degree are required to complete general education coursework, the equivalent of one year college/university study of a single foreign language or two years high school study of a single foreign language and 180 approved quarter credits. Students possessing a transferable two-year degree from a Washington state community college will meet the general education requirement.

Students who have not completed a two-year transfer degree (but intend to) must complete the requirements for the degree within one calendar year or within 45 credits after admission to the LAJ program. CWU will accept a maximum of 135 credits from other institutions, 105 of which can be from a two-year community college.
