

Bachelor of Science

Flight Technology Aviation Management Specialization

CWU-Moses Lake

A University in Your Community

PROGRAM OVERVIEW

Central Washington University's Flight Technology, Aviation Management Specialization is for Big Bend Community College (BBCC) aviation students interested in a Bachelor's degree. The program prepares the graduate for a variety of administrative and management positions in the aviation community. Management career options related to aviation activities, such as airport management, general operation management and air carrier management, exist in the industry. There is also a demand for qualified Commercial Pilots who possess a four-year degree to fill First Officer positions at regional airlines. According to the Aircraft Owners and Pilots Association ". . . in the past several years, more than 95 percent of the pilots hired have at least a four-year college degree."

To be eligible for the program, students must be:

1. Enrolled in or completing courses toward an Associate in Arts and Science degree (AA&S),
2. Enrolled in or completing courses toward an Associate in Applied Science (AAS) Professional Technical Program in aviation.

APPLICATION PROCESS

1. Transfer as a Flight Technology major to Central Washington University (CWU) by taking the preadmission requirements toward your bachelor's degree while meeting the requirements of Big Bend Community College's (BBCC) Direct Transfer Agreement (DTA) (Associates in Arts and Science - AA&S) and Aviation (Commercial Pilot) program.
2. Work with a Big Bend Community College Aviation faculty advisor to ensure proper course sequencing for the Aviation, DTA and Flight Technology major.
3. Meet with a CWU-Moses Lake advisor early in your academic career.
4. Apply for admission to CWU at www.cwu.edu/~cwuadmis early in your sophomore year.
5. Submit official transcripts to CWU-Moses Lake. If you have not completed your degree or preadmission requirements continue to submit official transcripts quarterly.
