

>> Common numbered courses (courses with "&" between the prefix and course number) are listed on the Master Common Course Numbering page; any individual variances will be on that college's equivalency sheet.<<

☞> The number of credits earned for an accepted transfer course will be used even if the number of credits for the equivalent CWU course differs.<<

>> The following are CCN courses that CWU accepts in transfer from any accredited Washington community college; see individual equivalency sheets for differences in CCN.

Not all Common Course Number courses have direct equivalencies. <<

>>The number of credits earned for an accepted transfer course will be used even if the number of credits for the equivalent CWU course differs.<<

additional equivalencies on next page

>> Effective Summer 2007, Washington state community and technical colleges began participating in Common Course Numbering (CCN). These courses are identified with an ampersand symbol (&) at the end of the course prefix (e.g. ENGL& 101, MATH& 107). <<  
 >> The following are CCN courses that CWU accepts in transfer from any accredited Washington community college; see individual equivalency sheets for differences in CCN.  
 Not all Common Course Number courses have direct equivalencies. <<  
 >>The number of credits earned for an accepted transfer course will be used even if the number of credits for the equivalent CWU course differs.<<
