

Acceptable Washington State Associate Degrees

Students transferring with the Associate Direct Transfer Agreement (DTA) degree with a cumulative college-level GPA of a minimum of **2.00** may normally transfer in as junior standing and satisfy the General Education requirements at CWU. Associate DTA degrees with specific prerequisite courses for certain competitive majors are also accepted; they are considered Major Related Programs and are listed as **DTA/MRP**. Students transferring with the Associate of Science-Transfer (**AS-T**) degree with a cumulative college-level GPA of a minimum of **2.00** may normally transfer in junior standing. Additional courses must be taken by the student at CWU to satisfy the general education requirements. This usually consists of Academic Writing II, three additional courses chosen from the Individual and Society, Community Culture and Citizenship, Global Dynamics, Creative Expression, or Humanities knowledge areas in the general education. Degrees not listed on this page are non-transferable.
