

## Meet Frank McMillan, Residence Hall Coordinator for the University Housing & New Student Programs Department

“Frank is always willing to learn from others and frequently meets with colleagues from around the Division of Student Success to find new and innovative ways of serving students. He often looks for ways to collaborate and build stronger partnerships between Residence Life and our divisional colleagues. Frank is always willing and ready to encourage a student, student staff member, or colleague, and works to find ways to encourage individuals in the way that is most meaningful for them. Frank is patient with his student staff and is willing to accept them as they come while also sparking curiosity in them to always strive to be and work better.”

*Thank you for exhibiting the Wildcat Way, Frank!*
