

Meet Inti Valverde, Assistant Director of Scholarships in the Financial Aid Department

“Inti consistently responds positively and rapidly to requests for additional support for FA information. He goes beyond what one would expect from a staff member in his position to ensure that low-income, first generation CWU students and prospective students are well informed about the financial aid and the scholarship processes. However it's not only the content material that he is able to authentically convey, Inti also makes certain to exemplify all aspects of the "Wildcat Way," by presenting the material in a welcoming, knowledgeable and inclusive way that students really respond to!”

Thank you for exhibiting the Wildcat Way, Inti!
