

## **SP PEAB - 06/06/2003**

Members present: Keith Mars, Cindy Jacobsen, Gene Johnson, Al Albertson, Tammie Jensen-tabor, Kristy Anderson and Wendy Pye-Carter.

The meeting was called to order at 9:00.

1. Internship Placement: Gene is having difficulty with one internship placement. This person has been interviewed and offered positions, which she has accepted and then subsequently turned down. Since Gene is often the one who arranges internships, this is not creating good will between himself and the school districts. This intern was finally accepted at the place where she wanted to work, because this district is willing to give her emergency certification. A discussion ensued and it was decided that Gene would ask the intern to write a letter of apology to the offended districts and then he would sign permission for her emergency certification, with a discussion with her supervisor at that district about his reservations.
2. Next Year: It was decided that we will meet in Franklin Pierce School District next year. The next meeting will be at their district office on September 26, 2003 at 9:00 am. Directions: Take Pacific Avenue and turn west onto 129<sup>th</sup> Street. The administrative office is ½ block down the street.
3. Candidates: Today there are five candidates going for their continuing certification. They are:
  - a. EB Vance
  - b. Tracy Osterhoust
  - c. Lisa Liscomb
  - d. Richard Coate
  - e. James VanVelzer
4. One Candidate was asked to submit more materials and the others were awarded their continuing certification.

The meeting was adjourned at 11:00.

The next meeting date will be: Friday, September 26, 2003 in Franklin Pierce School District at 9:00am.
