

Class 1 Medical

Proof of receiving a First Class Airman's Medical Certificate must be sent along with the Flight Technology Application form (not the general CWU application) for admission into the Flight Officer or Aircraft Systems Management degree programs at Central Washington University.

Send only a PHOTOCOPY (not the original) of an FAA Class 1 medical. It is important that you schedule an appointment with an approved FAA Aviation Medical Examiner (AME), not any other doctor, and request a Class 1 medical (not a Class 2 or 3). Beginning students also need to request a Student Pilot Certificate when they receive their medical. Some AMEs may suggest that you only need a Class 3 medical, since that is all you need to qualify for a Student Pilot Certificate. However, you should explain that you eventually want to be a commercial airline pilot and CWU requires a Class 1 to prove to us and to you that you are medically qualified (at least at the time of the medical examination).

You may find out which physicians in your area are qualified to perform First Class medical examinations by calling one of the Federal Aviation Administration (FAA) Flight Standards District Offices (FSDOs) in Washington State. You may contact the Seattle FSDO in Renton 425/227-2813 or 800/354-1940 (press 0 for operator) or the Spokane FSDO at 509/353-2434 or 800/341-2623. You may also call any of the doctors listed below to see if they qualify to perform First Class Medical examinations (information is not guaranteed).

Washington State Aviation Medical Examiners

The following is a list of Aviation Medical Examiners in Washington State who are authorized by the Federal Aviation Administration (FAA) to issue Student Pilot Certificates and issue First Class Medical Certificates. Please contact the FAA at one of the above numbers if you need the names of physicians outside of Washington State.

Arlington
