

## CS 446: Project Demonstration Scoring Rubric

<b>Oral Presentation</b>				
	<b>Very Good</b>	<b>Expected</b>	<b>Acceptable</b>	<b>Unsatisfactory</b>
<b>Program Description</b> <input type="checkbox"/> Clearly explains the problem addressed by your program <input type="checkbox"/> Identifies the primary user group and persona <input type="checkbox"/> Describes some typical tasks done by your program	Clear explanation of the domain problem, the target user type, and program features			Huh? What does your program do and who uses it?
<b>Design Decisions</b> <input type="checkbox"/> Explains the <b>rationale</b> behind major user interface design decisions <input type="checkbox"/> Identifies <b>problems areas</b> in the user interface <input type="checkbox"/> Identifies <b>changes</b> you would like to make, given more time.	Rationale behind decisions and well explained <i>and</i> Problem areas and changes discussed	Missing one of the bullet items	Spoke of implementation decisions, not GUI design decisions	No problem areas remain – my program is perfect.
<b>Oral Presentation Style</b> <input type="checkbox"/> Maintain eye contact with the audience <input type="checkbox"/> Avoid reading too much from your prepared notes <input type="checkbox"/> Speak at an appropriate volume so that participants seated at the back of the room can hear <input type="checkbox"/> Avoid the use of <i>ums</i> and <i>ahs</i> in your sentences. <input type="checkbox"/> Vary your speaking tone and show enthusiasm. Avoid speaking in a monotone	Maintained eye contact with audience <i>and</i> Showed enthusiasm during presentation	Talked to screen some of the time <i>or</i> Too many ums and ahs between sentences	Talked to screen or read from notes most of the time <i>or</i> Hard to hear	Read from notes <i>and</i> Lacked enthusiasm
<b>PowerPoint Slides</b> <input type="checkbox"/> Slides easy to follow <input type="checkbox"/> Slides maintain interest <input type="checkbox"/> Graphics on slides match look and feel of your program	Slides are useful, unique, and match the look and feel of your program	Slides contain useful information to supplement your presentation	<i>Generic</i> Microsoft PowerPoint template used. No custom graphics	Almost all slides are bullet lists
<b>Other</b>				
<b>Portfolio</b> <input type="checkbox"/> Portfolio includes cover page, tabs with labels, and contents neatly presented	Portfolio <i>very</i> attractive and complete	Portfolio satisfies requirements	One of the Portfolio elements is incomplete	Portfolio is missing one component
<b>Time Log</b> <input type="checkbox"/> Excel spreadsheet records the time you spent on the implementation and preparation of the demonstration of the prototype project.	Time log for this phase is detailed and complete	Time log is not well detailed	Time log is incomplete or contains errors	No time log is submitted
