

Central Washington University

Construction Management / Associated General Contractors (AGC) Student Mentor Program

PURPOSE: Provide advice, support, and help to underclassmen and transfer student who will be applying or have recently been accepted to the Construction Management Program.

GOALS:

- To promote the involvement of current students with future/new students.
- To share construction management knowledge and experiences.
- To maintain the flow of well-qualified, hard-working applicant.
- To pass on valuable tips to succeed in the program.
- To contribute to future/new student advising.
- To build and maintain a lasting relationship throughout the remainder of the student's education

SERVICES: Thirteen current Construction Management Seniors / AGC members have volunteered to be student mentors. They are available to assist future, new, and transfer students by carrying out the following tasks:

- Be available for a new student to contact via phone, email, or in person
- Offer advice and knowledge to the new student
- Host a Shadow Day for the new student
- Introduce the new student to the professors and other students
- Help the new student with his/her application
- Inform the new student of upcoming events
- Follow up with the new student throughout the year

MENTORS: Please contact any of the following mentors for further information.
