

Bachelor of Applied Science Information Technology and Administrative Management (ITAM)

CWU-Des Moines
A University in Your Community

Program Overview

The Bachelor of Applied Science in Information Technology and Administrative Management (BAS-ITAM) is a dynamic program providing a unique approach serving Washington state and Pacific Northwest professionals who have a desire to pursue a bachelor's degree after completing a two year IT technical degree program. If you have earned an IT related degree from a community or technical college, have at least 2,000 hours of IT professional work experience, and meet the admissions requirements below, then this is your opportunity to advance your knowledge and career possibilities. This degree provides you with upper-division course work which will prepare you for a management position in the IT industry. Facilitated through the CWU-Des Moines campus, the program offers evening classes for added flexibility to help you achieve your educational and professional goals.

Admissions

1. Completion of one of the IT related degrees from a community or technical college in the state of Washington.
2. Completion of 20 credits of the CWU "Basic-Skills Requirements" or university equivalents or community/technical college equivalents with an overall minimum GPA of 2.3.
3. Completion of 2,000 hours (approximately one year of full-time employment) of recent, documented work experience in an information technology related job, approved by the department chair or designee.
4. Possess clearly-articulated academic and career goals.
5. Apply for admission to CWU online at www.cwu.edu/-cwuadmis.
6. Complete the required major application form online at www.cwu.edu/-itam.

A foreign language is not required for this degree.
