CSC 203	⇔	CS 301			

* Effective Summer 2007, Washington state community and technical colleges are participating in common course numbering. These courses are identified with an ampersand symbol; the former course numbers are in parenthesis; equivalencies to CWU are the same for both courses. Students may not receive credit for both.

* The number of credits earned for an accepted transfer course will be used even if the number of credits for the equivalent CWU course differs.
