

Lab 3 Begin grading immediately.
Look for students who are attempting to finish prelab work in lab.
Grade them first.

Possible

Grade work finished before the lab:	
Lecture notes are of 3 quality	20
Did the 2 tutorials assigned before lab? Make eye contact, be serious.	10
From previous lab, check RD for 3 complete sets of search results. Including screen shots, quotes, footnotes, etc.	30
Table in RD.	20
Data filled in completely up to present?	10
Is student editing RD during lab? Walk around and help.	20
Student checks in with you near end of lab	10
