

Lab 5

**Some students left lab early last time. Enough work was assigned to use more than 50 minutes. Therefore, this lab I want you to dock at least 20 points for leaving early. Students were cautioned in lecture. Our purpose is to develop good work and study habits.**

**Pre Lab Work to grade:**

|  |                              |
|--|------------------------------|
| Lecture notes are quality 3                                  | 15 all or none               |
| ND tracking should have started Friday 16th                  | 5                            |
| Records current through today                                | 5                            |
| Burger King caloric values changed                           | 10                           |
| Student shows Internet sources of values                     | 15                           |
