Online Paramedicine
Bachelor's Degree Completion Program

CWU– Online Program

Program Overview
The online component of the EMS Paramedicine Major is designed for students who already possess a current and valid certification as a paramedic from an authorized training institution and want to complete their Bachelor Degree in Paramedicine at Central Washington University.

This accredited program meets all of the national and Washington State standards in paramedic education. For currently certified paramedics, advanced standing in the paramedicine major can be obtained with submission of application, evidence of certification and paramedic program completion from an approved institution, and a transferable Associate’s Degree or its equivalent. For more information regarding admission into this program please refer to www.cwu.edu/~nehs/paramedics/programRequirements.php.
