I. ABSTRACT

Central Washington University (CWU) administered the National Survey of Student Engagement (NSSE) during the Spring quarter of 2016. The NSSE provides guidelines relating some of the NSSE questions to Northwest Commission on Colleges and Universities (NWCCU) accreditation standards. Tables in this report show CWU student and peer group responses to NSSE questions that related to NWCCU standards.

II. METHODOLOGY

The NSSE survey was emailed to CWU first year and senior students during the spring 2016 quarter. The invitation email was sent on 4/5/16, the fourth reminder email was sent on 5/3/16. The survey response rate was 19% for senior students and 19% for first year students. CWU's eight peers had a 16% response rate for first year students and a 20% response rate for seniors.

Table 1 – CWU 2016 NSSE Response Rate

	First Year Students	Senior Students
Surveys Sent	1,079	2,174
Number of Responses	201	419
CWU Response Rate	19%	19%

All students who responded to the survey received a 10% coupon on a purchase from the Wildcat Shop (either in Ellensburg or online). Thirty respondents were randomly selected for early Fall 2016 registration.

Note: the 2016 NSSE survey questions are at:

http://nsse.indiana.edu/pdf/survey_instruments/2016/NSSE_2016-US_English.pdf

III. COMPARISON TABLES

Table 2 - Standard 2.C.5 – Faculty, through well-defined structures and processes with clearly defined authority and responsibilities, exercise a major role in the design, approval, implementation, and revision of the curriculum, and have an active role in the selection of new faculty. Faculty with teaching responsibilities take collective responsibility for fostering and assessing student achievement of clearly identified learning outcomes.

Table 3 - Standard 2.C.9 – The General Education component of undergraduate programs (if offered) demonstrates an integrated course of study that helps students develop the breadth and depth of intellect to become more effective learners and to prepare them for a productive life of work, citizenship, and personal fulfillment. Baccalaureate degree programs and transfer associate degree programs include a recognizable core of general education that represents an integration of basic knowledge and methodology of the humanities and fine arts, mathematical and natural sciences, and social sciences. Applied undergraduate degree and certificate programs of thirty (30) semester credits or forty-five (45) quarter credits in length contain a recognizable core of related instruction or general education with identified outcomes in the areas of communication, computation, and human relations that align with and support program goals or intended outcomes.
