Date

NOTE: If a faculty member's approved annual workload plan includes an overload assignment but is subsequently reduced to 45 or fewer workload units for the academic year, the faculty member's compensation for the remainder of the academic year will be adjusted as required to conform to the reduced workload plan. Such adjustment, if any, will be made as of the academic quarter in which it first appears that the annual workload plan has been reduced to 45 or fewer workload units for the year.
