Please list any S&A funded position that have been vacant longer than six (6) months. If any vacancies exist, please explain how you utilized the funds and what your long term plans are for the position.

none

Please provide an overview of the student centered programming provided, i.e. type of programs, milestones, number of students impacted, and how they benefited.

Central Access Television was originally intended to be a student run TV station locally broadcasted from Central Washington University. Due to changes in the regulations and availability of Channel 2 this student media group changed its name to CAT Media to better reflect its situation. The goal didn't change, and that is to provide campus wide entertainment, news and information about campus events and local activities that relates to the students of CWU. In order to provide these services we will follow sporting events, write

and produce original TV material (comedies, dramas, ect.), and we will work along side other Student Media outlets such as Observer and Pulse in order to bring students the latest in on campus news. We also make the CAT Media crew available to complete campus wide video projects for various purposes, such as recording meetings for a video log, creating promotional videos for various events, such as the Student Media Car Smash event, and the CWU Agency video.

Please provide a detailed explanation of any fund transfers from one service and activities fund budget to another.
