Please provide an overview of the student centered programming provided, i.e. type of programs, milestones, number of students impacted, and how they benefited.

The CWU Pep Band performed for most of the men's and women's home basketball games. There were 28-30 members in the ensemble, and they performed for 15 home games. The ensemble was directed by a graduate student. Students were paid \$20 per service, so each game cost approximately \$600. There were also two rehearsals and the students were paid \$20 per rehearsal. Overall, the performances and rehearsals

of the CWU Pep Band cost \$11,220. Other costs include \$189 for sheet music and \$318.82 for a university van to transfer equipment to the games.

The Pep Band was funded through S&A in the 1980's, and discontinued for a time in the 1990's. Former President McIntyre requested that the band re-group, and it has received funding from S&A since then.

As with the Marching Band, the Pep Band has a positive effect on the atmosphere of the arena during intercollegiate basketball games. The musicians performing gain the necessary experience as music majors. The community, students, and University also benefit from their presence.

On behalf of the faculty and students in the music department, I thank you for your continued support of the CWU Pep Band.

Please provide a detailed explanation of any fund transfers from one service and activities fund budget to another.
