2026-2029 Service & Activities Fee Base Funding Request Form

Program/Department Name

ASCWU Board of Directors

Program Manager

Veronica Gomez Vilchis

Do you currently receive S&A Base Funding?

Yes

How does the program support the University's Vision and Mission?

https://www.cwu.edu/about/mission-vision/

ASCWU Student Government supports the university's vision and mission of equity and belonging by utilizing programs to generate discussions around the various needs of the student body. We hold weekly meetings to promote transparency of organizational spending and university initiatives; host relevant events to enhance student life and boost activities and engagement; regularly meet with campus partners to address ways to expand access to student services; and conduct annual elections to identify new leadership and establish new fees and/or initiatives. This work empowers the student body with agency by engaging students in impactful conversations and providing them with spaces to share thoughts and projects with other student leaders. The personal, professional, and social growth that student government promotes gives students a purpose for being on campus – beyond simply attending classes – and provides them with necessary resources to achieve that growth.

How does your request support current CWU students?

Our request supports various signature and smaller scale projects that generate experiences and services that go directly back to students. These projects provide spaces for student input on significant university matters, enhance professional development, build a sense of community and morale, and more. This request also supports the teams and individuals necessary to carry out the realization of these projects. Without those teams, this work may not get done in a guaranteed "For students, by students" kind of manner.

What metrics or assessment do you have (or intend to have) to measure the success of your program?

We plan to use the Suitable App in the future to track attendance of events and meetings. We also plan to conduct quarterly reviews with our Executive Board members to assess accomplishments/challenges and to develop transitionary information that can be handed down throughout changes of leadership. This is to ensure that future ASCWU leaders have a consistent and accurate reference to measure their work.

Is this program associated with enrollment in academic course or academic credit?

No

Identify your S&A funding category?

Student Government

Support Costs for Student Activities & Programs

Did any organizational changes occur in your previous quadrennial in comparison to this quadrennial ask?

No
