Do you currently receive S&A Base Funding?

Yes

How does the program support the University's Vision and Mission?

<https://www.cwu.edu/about/mission-vision/>

The Academic Senate enhances student success by providing financial support to academic departments with student representation in the Senate. This funding primarily supports programming in various academic areas, fostering collaboration between departments to host major campus events that enrich the student experience. It also funds student positions, enabling students to actively contribute to Senate operations, create impactful programming, and promote awareness of Senate initiatives. As a student-governed program, the Senate embodies CWU's core values of engagement, belonging, and stewardship, ensuring students have the resources and opportunities to thrive academically and build meaningful connections on their educational journey.

How does your request support current CWU students?

The Academic Senate directly benefits CWU students by fostering leadership, engagement, and academic support. Student positions funded by the Senate provide opportunities for leadership development, allowing students to actively shape Senate operations, create programming, and promote its initiatives. As a student-governed program, the Senate empowers students to have a voice in academic matters, build a sense of belonging, and access resources that support their educational success and personal growth at CWU.

What metrics or assessment do you have (or intend to have) to measure the success of your program?

ASCWU utilizes Presence software to track event registration and attendance. Additionally, Qualtrics surveys and other data collecting processes are employed to evaluate various levels of student engagement and learning outcomes programs. Additionally, the senate meets regularly to conduct student business and hear concerns/ideas. This budget specifically only employs student staff and is not responsible for any professional staff funding. Note that last quadrennium request did not include all senate positions. This request is to fund all 15 senators and student staff.

Is this program associated with enrollment in academic course or academic credit?

No
