How does the program support the University's Vision and Mission?

<https://www.cwu.edu/about/mission-vision/>

Center Student Life develops activities centered on three areas: diversity, community outreach, and campus connections. Our mission is to engage the Center's student body and develop a sense of campus community through diverse activities and events, student clubs, student leadership training and development, collaborating with community college partners, and supporting our non-traditional student populations.

How does your request support current CWU students?

Center Student Life directly supports students attending the 7 University Centers safe, supportive, and intellectually stimulating environment that maintains the University's vision of co/extracurricular experiences, access to higher education, and advancement of the social and economic health of the region. In addition, partnerships created with host colleges provide internationalism, sustainability, inclusiveness, and life-long learning opportunities for neo-traditional students as they transfer into and progress at CWU. We are working to more effectively bring services (DEI trainings, tutoring, leadership development, career, wellness, conduct) and extra/co-curricular opportunities to all CWU students.

What metrics or assessment do you have (or intend to have) to measure the success of your program?

Our programs are influenced by our center's student leaders in collaboration, execution, and follow-up meetings regarding events. Various surveys have been given to assess the success of programming. We also utilize social media platforms: Facebook, Instagram, and You Tube channel to gauge program interest.

Is this program associated with enrollment in academic course or academic credit?

No
