As Specific As Possible, Describe What You Are Doing

There is no length requirement

Student Appreciation Day is a longstanding CWU tradition filled with free activities, giveaways, and entertainment. Last year's Student Appreciation Day concert (aka WILD FEST) included local bands and student performances. Although the event went well and the music was fun, many students have expressed interest to once again bring more notable artists to campus. KCWU would like to coordinate a free concert for students featuring up-and-coming musical artists independent of Student Appreciation Day activities, to allow for more flexible artist scheduling (Artists will be considered and selected based on their cost and availability, as reflected in the request range above.) This funding request is to cover the cost of the artist(s) performance fees as well as the artist management agent fee. Any leftover funding from this request would support tech, staging, security, marketing, staffing, merch, and other associated costs for this concert that is not fully covered by contributions from other partners. The desired date range to host this concert would be sometime between May 19th through June 1st.

How Will This Funding Request Benefit CWU Students?

There is no length requirement

Hosting a concert on campus near the end of the school year will allow students to celebrate academic achievements, unwind, and enjoy live music which will provide a unique and memorable experience. It also addresses students' interests and is aligned well with the purpose of S&A fees. PLEASE NOTE: To be able to make this concert a reality, we must act quickly to secure the funding and start developing logistics. I request that this proposal is discussed and voted on during the Feb. 16th S&A meeting. I understand that this is not the typical process, but we would probably not have enough time to fulfill all the contract and planning requirements for a show of this type if we waited until the next time this committee meets.
