Do you currently receive S&A Base Funding?

Yes

How does the program support the University's Vision and Mission?

<https://www.cwu.edu/about/mission-vision/>

OISP is in and of itself designed to support the mission of CWU. The Mission Statement specifically states that CWU, in order to build a community of equity and belonging, nurtures culturally sustaining practices that expand access and success to all students. We help CWU achieve this through our intentional programming designed to help international and domestic students learn together, about each other, and create a community of belonging.

How does your request support current CWU students?

Our program offers all CWU students the opportunity to further their cultural and global education. It also provides students with an invaluable chance to make connections that will expand, deepen, and compliment their academic education.

What metrics or assessment do you have (or intend to have) to measure the success of your program?

An end of year survey is sent to all international students which contains questions regarding their experiences with the programs from the past academic school year and future programs they would like to see. After each quarter's orientation session there is a survey the students take to give feedback on what went well and what could be improved.

Is this program associated with enrollment in academic course or academic credit?

No
