1. Call meeting to order at 3:12.
2. Approved minutes from October 24.
3. Student Conduct in Academic Settings

Brought new members up to speed on the new policy.

Moved forward from where we left off last time. We had conversation around who can remove a student from a course. It was suggested that we bring in the associate dean's office when considering exclusion from a course.

Decided to look over the procedure to inform the discussion. Removed expulsion from the course as a potential outcome for disruptive behavior.

Will send revised draft to Stephanie Brough. Will also consult with the AAG, but concerns are probably mitigated by removing expulsion as a potential outcome.

4. Need to cancel remaining meeting this quarter for the Provost's meeting scheduled on the same day.
5. Wendy, Andy, and Coco will work on the AI policy using AI over winter break.
6. Adjourned 4:48PM

**Next Meeting: January 9, 2025.**
