| Date | Evaluators | |
| membe | of faculty that teach similar courses will meet and review at least one course taught by each r of the group. The review will focus on the role of the course in the CWU [department name] um and its relation to other courses. The goal of the discussion is to evaluate and improve one by relating it to the rest of the curriculum. | 's |
| Questio • • • | ns for the group: How does the course contribute toward one or more important goals of the CWU [departmen name] curriculum (see following page)? How does the course articulate with other similar courses? with its prerequisites?with the for which it is a prerequisite?with the graduate curriculum at CWU and other institutions? Is there relative constancy in presentation of the course across instructors? Are there suggestions for changes? | |
