How this works: On the application due date, Dr. Lubinski will attempt to schedule a regular 50 minute weekly meeting for all assistants. If you are selected (based partly on whether you are available for the regular meeting), Dr. Lubinski will complete the paperwork and the course will be added automatically to your schedule. You'll get email notification for the first meeting day and time. We'll meet at that day and time every week thereafter, and we'll set up your schedule for your remaining lab hours.
