5.2 VP Clubs and Organizations Alex Horning: this week we are working on trying to get Club Olympics set up for Monday. Cannot have inflatables due to contract. Monday we are having volleyball and the hamster balls on Barto lawn from 3-6 P.M.

Also had club senate last week which went well, elections forum was there to present their platforms and answer any questions the Clubs had to ask.

5.3 VP Academic Affairs Ryan Zimmerman: for the past month I have been on the Associate Provost Search Committee, There are two positions, Associate Provost for Learning and Outreach: primary responsibilities managing online curriculum and reaching out to students who we haven't been able to reach out to yet. And the Associate Provost for Undergraduate and Faculty Affairs which will deal with communication from faculty, promotion of faculty other faculty issues, and oversee registrar. Search almost over. Next week have meeting and will make a recommendation to Provost.

My office has improved the funding packet, now the same packet for SAS and Clubs, we are working on a fillable so you can just download it and don't have to print it and we are working on now being able to sign digitally so it can be emailed to all offices.

On Tuesday we have a SAS meeting, will have an elections forum, open meeting, 7 P.M. in Black 151. CAPS+ will also be at the meeting. CAPS+ is a degree planning tool, it will load in classes you have taken and produce a schedule you should be able to follow for years at a time. Will work with advising.

Met with Dr. Aaron brown, informed him of structure of student government and learned about projects he is working on and gave some student input on that. Hopefully that will give continuity for this office and his office to work in parallel for next year.

5.7 President: Armando Ortiz: this week I was getting feedback from students and public transit and how students feel about it. Do they use it or not? We will be expanding it. Thank you all from coming.

I met with President and some of the cabinet members and talked about expansion of resident halls and athletic facilities, Joseph Han and we talked about a philosophy of what a multi-cultural resource center would be at CWU.

Also I am on Commencement Speaker Committee so I read speeches for commencement and graduation on Westside, there was a lot of good speakers and am excited to help.

Also, if you feel like anyone on their office isn't doing their job please tell us or come talk to us personally. If you are saying they aren't doing their job that's very counterintuitive, why complain if you are not going to do anything about it. Please come talk to us because that is important we represent all students.
