

## Full Time, Non-Tenure Track Lecturer in Biological Sciences Central Washington University

### Job Summary

The Department of Biological Sciences at Central Washington University (Ellensburg, WA) seeks a scholar who has experience and interest in teaching some combination of the following courses: Cell Biology (BIOL 430), Molecular Biotechniques (BIOL 425), cell and molecular biology segment (BIOL 182) of our General Biology for Majors sequence, with the possibility of upper division electives in cell and molecular biology. Teaching duties include responsibilities in lecture and laboratory sections of courses and a normal teaching load consists of 15 contact hours per week; most laboratory courses have a graduate teaching assistant assigned to assist the instructor. Preference will be given to candidates who have interest and experience in teaching undergraduate lectures and laboratories to biology majors, in the areas of cell and molecular biology. As an institution, we value teaching as a vehicle for inspiring intellectual inquiry and we expect dedication to our students and courses. Applicants with strong commitment to student learning and support for an increasingly diverse student body are especially encouraged to apply.

### Required Qualifications

- Ph.D. or M.S. in Biology
- Prior experience in teaching and/or mentoring biology majors
- Commitment to work with a diverse student population with a variety of learning styles and skill levels

### Preferred Qualifications

- Ph.D. in Biology with strong emphasis in molecular and cell biology
- Prior experience in teaching and or mentoring in the area of molecular and cell biology
- Strong interpersonal communication skills
- Commitment to excellence in teaching and professional growth
- Prior work with underrepresented groups

### How to Apply

To apply for this position, you must complete the on-line application at <https://careers.cwu.edu> (Job ID 2788) and attach:

1. Cover letter specifically addressing the required and preferred qualifications outlined;
2. Statement of teaching philosophy;
3. Curriculum vitae;
4. Copies of academic transcripts; and
5. Names and contact information for three references, at least two of whom can comment on teaching/mentoring ability and interpersonal communication skills.

**Screening Begins: April 8, 2019**

**\*\*NOTE:** Although copies of transcripts are acceptable for application purposes, all job offers are contingent upon verification of highest degree.

**\*\*Priority will be given to applications received by the screening date. Incomplete applications will not be considered.**
