BIDDER’S RFP CHECKLIST

The Most Critical Things to Keep in Mind When Responding to an RFP for Central Washington University:

1. _______ Read the entire document. Note critical items such as: mandatory requirements; supplies/services required; submittal dates; number of copies required for submittal; contract requirements (i.e., contract performance, insurance requirements, performance and/or reporting requirements, etc.).

2. _______ Note the procedures for communication with the University during the RFP process. All communication during the RFP process must be in writing. Respondents should not contact University personnel outside of the opportunity provided in the document.

3. _______ Attend the pre-proposal conference if one is offered. These conferences provide an opportunity to ask clarifying questions, obtain a better understanding of the project, or to notify the University of any ambiguities, inconsistencies, or errors in the RFP.

4. _______ Take advantage of the “question and answer” period. Submit your questions to the buyer by the due date listed in the “applicable dates” sections and view the answers given in the formal “addenda” issued for the RFP. All addenda issued for an RFP are posted on the University’s website and will include all questions asked and answered concerning the RFP.

5. _______ Follow the format required in the RFP when preparing your response. Provide point-by-point responses to all sections in a clear and concise manner.

6. _______ Provide complete answers/descriptions. Read and answer all questions and requirements. Don’t assume the University or the evaluation committee will know what your company’s capabilities are or what items/services you can provide, even if you have previously contracted with the University. The proposals are evaluated based solely on the information and materials provided in your response.

7. _______ Use the forms provided, e.g., bidders submittal page, reference forms, attachment forms, etc.

8. _______ Review and read the RFP document again to make sure that you have addressed all requirements. Your original response and the requested copies must be identical and be complete. The copies are provided to the evaluation committee members and will be used to score your response.

9. _______ Submit your response on time. Note all the dates and times listed in the applicable dates section and be sure to submit all required items on time. Late proposal responses are never accepted.

This checklist is provided for assistance only and should not be submitted with Bidder’s Response.

SECTION #2: GENERAL INFORMATION

2.1 Purpose of Proposal:

Central Washington University (CWU, the University, Central) intends to contract for the purchase, implementation, training, hosting and maintenance associated with a configurable and customizable pre-built enterprise chemical inventory management system. CWU staff will have the responsibility for inputting and maintaining all records in-house; these functions will not be out-sourced to the software vendor.

Stated within this RFP are instructions for submitting proposals, scope of work and specifications, and criteria by which a vendor will be selected, and the contractual terms by which the University proposes to govern the relationship with selected vendor. The RFP provides vendors a means to present their qualifications and abilities for an objective review.

2.2 Background: Central Washington University (CWU) is a publicly assisted university located in Ellensburg, Washington, 100 miles east of Seattle. The governing board of the university is appointed by the governor. About 11,000 full-time equivalent students attend the university, 1,700 of whom attend one of six satellite campuses located in Des Moines, Lynnwood, Lakewood, Moses Lake, Wenatchee, and Yakima; and two Instructional Sites located in Sammamish, and at the Joint Base Lewis-McChord. CWU has approximately 1,400 faculty and staff located at the various facilities. Further information about the university may be found at the following web site: [www.cwu.edu](http://www.cwu.edu). Ninety-five percent of CWU students are Washington residents.

About 80 percent of CWU students are from western Washington, with concentrations in King, Pierce, Snohomish, and Yakima counties. About 30 percent of students are people of color. Sixty-five percent of graduates transferred to CWU from another institution.

The university colleges, departments, and development divisions work with advisory boards that include membership of business leaders from throughout the state.

CWU is a master's degree-granting university. Some signature areas of study at CWU include music, information technology and administrative management, education, supply chain management, geology, aviation, and paramedics.

Central Washington University is supported by the Central Washington University Foundation, a separate 501c3 non-profit organization. Vendors wishing to inquire about philanthropic opportunities may contact the CWU Foundation at 509-963-2160 or visit their website at: [www.cwu.edu/foundation](http://www.cwu.edu/foundation). The successful bidder will be invited to work with CWU’s senior management to assist in identifying potential charitable funding sources for programs and activities, such as named gift opportunities, student internships, scholarships, and equipment donations.

2.3 Term of Contract: The initial contractual period of performance will be for one (1) year. The University reserves the right to extend the period of performance further on a year to year basis at the written agreement of both parties. Total length of the contract, including extensions, will not exceed 7 years.

2.4 Evaluation Process: A total of 125 points is possible for the required written responses. Responses will be evaluated by a committee consisting of personnel from various CWU departments within the
Divisions of Academic and Student Life, University Operations, and Business and Financial Affairs.

CWU may request vendor demonstrations from companies under consideration to be held through an Internet demonstration. Included with an invitation to demonstrate will be scenarios typical of our environment. Participants will be required to submit a demonstration syllabus at least one working day prior to the scheduled demonstration that shows evidence of the inclusion of scenarios provided. All costs associated with demonstrations will be the vendor’s responsibility. Discussion of software setup to tailor the application to CWU’s needs, and a proposed schedule for implementation will also be expected. All equipment for the demonstration is the vendor’s responsibility, including server(s), workstation(s) and network equipment. Additionally, enough time must be available for an open forum discussion with CWU representatives regarding the system and its capabilities. Participation of at least one vendor technical representative who has thorough system knowledge is required. Points earned by vendors prior to any demonstrations will be adjusted based on the information presented.

2.5 Confidentiality: All information specifically requested in this RFP is subject to Public Disclosure and available after contract execution. Providers may request that specific additional portions of their submittals be considered exempted from disclosure pursuant to RCW 42.56.210; however, the University makes no assurances that such materials will be held in confidence after contract execution if they are not deemed qualified for exemption by the University. Any submittals that are a determining factor in award of a contract will be subject to disclosure.

2.6 Other Institutions Eligible for Purchase: This solicitation is being issued by Central Washington University (The Lead Institution) pursuant to the Interlocal Cooperative Act, RCW 39.34. This solicitation offers the bidder an opportunity to make any resulting contract available to members of the Washington Institutions of Public Higher Education (WIPHE). Appendix B contains information about the WIPHE cooperative membership and the terms and conditions of such arrangements. There are no WIPHE members committed to participate in this bid, but potential participants are identified in Appendix B.

2.7 University Parking: Enclosed for your information is a University map. Visitors to campus should stop at the CWU Conference Services desk in Munson Hall for directions and parking information. CWU is not responsible for parking infractions/violations incurred by visitors. www.cwu.edu/facility/campus-map.

Washington Small Business 5% & Veterans 5%

Achievement of the goals is encouraged. However, no minimum level of Diverse Business participation shall be required as a condition of vendor selection. Marking of the entire response as proprietary will neither be accepted nor honored. The University cannot guarantee that all such material noted remains proprietary, particularly if it becomes a significant consideration in contract award. 3.15 **Clarification of Responses:** As part of the evaluation process, respondents may be asked to clarify specific points in their response and make themselves available for a telephone interview or campus interview as desired. However, under no circumstances will respondents be allowed to make any changes to their responses after the deadline for submission.

3.16 **Reserved Rights:** Subject to the provisions of Chapter 69, Laws of 1996 (SSB 6572), the State reserves the right to:
   1. Waive any informality as per WAC 236-48-124.
   2. Reject any or all proposals, or portions thereof. WAC 236-48-094 allows the state to "accept any portion of the items proposed" unless the bidder stipulates all or nothing on the proposal.
   3. Reissue an IFB, RFQ, or RFP, or negotiate under provisions outlined under RCW 43.19.1911.
   4. Award on an all or none basis, taking into consideration reduction in administrative costs as well as unit proposal prices.

3.17 **Invoicing:** The original and one copy of each invoice must be sent to Central Washington University; Accounts Payable; 400 E University Way; Ellensburg, WA 98926-7470. **All invoices must reference the correct Central Washington University purchase order number.**

3.18 **Insurance:** Contractor will procure and maintain for the duration of the Contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the Contractor, or the Contractor’s agents, representatives, employees or subcontractors.

   **A. Minimum Scope and Limit of Insurance:** Coverage will be at least as broad as:
   1. Commercial General Liability (CGL) will be on an “occurrence” basis, including products-completed operations, personal & advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit will apply separately to this project/location or the general aggregate limit will be twice the required occurrence limit.
   2. Automobile Liability will have no less than $1,000,000 combined single limit per accident for bodily injury and property damage.
3. Workers’ Compensation will be with Statutory Limits and Employer’s Liability Insurance with limits of no less than $1,000,000 per accident for bodily injury or disease. (Not required if Contractor provides written verification it has no employees)

4. Professional Liability (Errors and Omissions): Insurance appropriate to the Contractor’s profession, with limits no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

5. Cyber Liability will include Technology Errors and Omissions, Cyber-Risk and Privacy Liability covering liabilities for financial loss resulting or arising from acts, errors or omissions in rendering services, or from data damage/destruction/corruption, including without limitation, failure to protect privacy, unauthorized access, unauthorized use, virus transmission, denial of service and loss of income from network security failures in connection with the services provided, with a minimum limits of $2,000,000 per occurrence or claim and $4,000,000 aggregate.

B. Higher Limits: If the Contractor maintains higher limits than the minimums shown above, CWU requires and will be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage will be available to CWU.

C. Additional Insured Status: The State of Washington, Central Washington University (CWU), its Trustees, officers, employees and volunteers, are to be covered as additional insureds on all general liability, excess, umbrella, and property as well as the auto policy with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor and on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. This is evidenced on the Certificates of Insurance as well as a copy of an endorsement to the Contractor’s insurance.

D. Primary Coverage: For any claims related to the Contract, the Contractor’s insurance coverage will be primary insurance as respects to the State of Washington, CWU, its Trustees, officers, employees and volunteers. Any insurance or self-insurance maintained by The State of Washington, CWU, its Trustees, officers, employees and volunteers will be excess of the Contractor’s insurance and will not contribute with it.

E. Exclusion from CWU Insurance Coverage: The Contractor agrees and acknowledges that it and any of its employees, agents, subcontractors providing service to CWU are 1) independent contractors; 2) are not employees, agents or representatives of CWU; and 3) are not controlled or supervised by CWU, and therefore, are specifically excluded from any coverage under any insurance policy of CWU.

F. Notice of Cancellation: Each insurance policy required above will provide that coverage will not be canceled, except after a thirty (30) day notice to CWU.

G. Waiver of Subrogation: Contractor must grant to CWU a waiver of any right to subrogation which any insurer of said Contractor may acquire against CWU by virtue of the payment of any loss under such insurance. Contractor must agree to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not CWU has received a waiver of subrogation endorsement from the insurer.

H. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by CWU. CWU may require the Contractor to purchase coverage with a lower
deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

**I. Acceptability of Insurers:** Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to Risk Management.

**J. Claims Made Policies:** If any of the required policies provide claims-made coverage:

1. The Retroactive Date must be shown, and must be before the date of the Contract or the beginning of contract work.

2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work.

3. If coverage is canceled or non-renewed and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Contractor must purchase “extended reporting” coverage for a minimum of five (5) years after completion of the contract work.

**K. Subcontractors:** Contractor will require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor will ensure that CWU is an additional insured on insurance required from subcontractors.

**L. Verification of Coverage:** Contractor will furnish CWU with original Certificates of Insurance and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by CWU and the City of Sammamish before work commences. However, failure to obtain the required documents prior to the work beginning will not waive the Contractor’s obligation to provide them. CWU reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

**3.19 Debriefing Conference and Protest Procedure:**
All vendors who have submitted proposals in accordance with this RFP shall be provided a “Notice of Intent to Award” upon completion of the final evaluations by the University. The following process for protest and debriefing is available to vendors who have submitted a proposal in accordance with this RFP.

**3.19.1 Optional Vendor Debriefing:**
Vendors who have submitted a proposal in accordance with this RFP may request an optional debriefing conference to discuss the evaluation of their response. The request must be made in writing within five business days from receipt of the “Notice of Intent to Award”. Requests are to be made to the University contact person as identified in Section #3.10 of the RFP instructions. Vendors must be available to attend the debriefing conference held in Ellensburg, Washington within 5 days of the request.

The debriefing will not include any comparisons between the vendors response and any other responses submitted; however, the University will attempt to address all questions and concerns in this debriefing.

**3.19.2 Protest Procedure:**
Protests may be made after the agency conducting the acquisition has announced the apparently successful vendor and after the protesting vendor has had a debriefing conference with that agency. Protests may be made on only these grounds:
- Arithmetic errors were made in computing the score.
- There was bias, discrimination, or conflict of interest on the part of an evaluator.

Protests are always initially made to the buyer conducting the acquisition. A person authorized to bind the vendor to a contractual relationship must sign the protest letter. The buyer must receive the written protest within five (5) business days after the debriefing conference.

Individuals not involved in the protested acquisition will objectively review the written protest material submitted by the vendor and all other relevant facts known to the agency. The agency must deliver its written decision to the protesting vendor within five business days after receiving the protest, unless more time is needed. The protesting vendor will be notified if additional time is necessary.

If the protesting vendor is not satisfied with the agency’s decision, it may appeal. Appeal is made to the agency.

Written notice of appeal to agency must be received by agency within five (5) business days after the vendor receives notification of the agency's decision.

In conducting its review, agency will consider all available relevant facts. Agency will resolve the appeal in one of the following ways:

- Find that the protest lacks merit and uphold the agency's action.
- Find only technical or harmless errors in the agency's acquisition process, determining the agency to be in substantial compliance, and rejecting the protest; or
- Find merit in the protest and provide options to the agency, including:
  - Correcting errors and reevaluating all proposals;
  - Reissuing the solicitation document; or
  - Making other findings and determining other courses of action as appropriate.

The agency will issue a written decision within five (5) business days after receipt of the notice of appeal, unless more time is needed. The protesting vendor will be notified if additional time is necessary. The agency’s determination is final; no further administrative appeal is available.

**Form and Content:** A written protest must contain the facts and arguments upon which the protest is based and must be signed by a person authorized to bind the vendor to a contractual relationship. At a minimum, this must include:

- The name of the protesting vendor, its mailing address and phone number, and the name of the individual responsible for submission of the protest.
- Information about the acquisition and the acquisition method and name of the issuing agency.
- Specific and complete statement of the agency action(s) protested.
- Specific reference to the grounds for the protest.
- Description of the relief or corrective action requested.
